Local AI Data Security, Governance & Isolation Manual

Document ID:	APEL-MAN-IT-402	**Effective Date:**	2026-08-01
Revision:	1.0	**Classification:**	CONFIDENTIAL - STRICT PROPRIETARY
Department:	Cybersecurity & IT Infrastructure	**Site Location:**	Jamnagar Refinery Complex (JRC)

1. Air-Gap Architecture Mandate

The AI Workbench operates strictly within the on-premise industrial DMZ with zero internet access, zero telemetry transmission, and locked external ports.

2. Model & Weight Verification

Only verified open-weight models (Qwen 2.5 series, BGE embeddings) cryptographically hashed and approved by IT Security are authorized for inference.

3. Hallucination Prevention & Citations

All AI responses must preserve strict provenance citations. If source data is absent, the agent must explicitly state 'Information unavailable in internal records' rather than extrapolating.
