Industrial Data Governance & Sovereign AI Policy

Document ID:	APEL-POL-DAT-107	**Effective Date:**	2026-08-01
Revision:	2.0	**Classification:**	CONFIDENTIAL - STRICT PROPRIETARY
Department:	Data Governance Committee	**Site Location:**	Jamnagar Refinery Complex (JRC)

1. Sovereign Data Ownership

All operational telemetry, chemical assays, equipment health indices, and strategic production figures generated within ApexPetro facilities constitute proprietary sovereign IP.

2. AI System Usage Boundaries

- Enterprise and process data must never be uploaded to external public generative AI systems.
- All agentic model interactions must execute entirely within the local on-premise AI Workbench.
- Role-Based Access Control (RBAC) restricts sensitive financial and personnel data access.
